ABOUT ME

As a Computer Technology student with a strong passion for innovation and problem-solving in the world of technology. Throughout my academic career, I have developed a solid understanding of computer systems, web development,I thrive in fastspaced environments and enjoy tackling challenges that require critical thinking and creativity. My experiences with specific technologies like HTML, CSS, JavaScript have provided me with both practical knowledge and the ability to adapt to new tools and technologies quickly. As I continue my studies, I am excited about seeking out opportunities to gain professional experience and contribute to innovative projects within the tech industry
